

# PHILIPP Masonry Transport Anchor

## Data Sheet

# DATA SHEET OF PHILIPP MASONRY TRANSPORT ANCHOR

The **PHILIPP Masonry Transport Anchors** are suitable for the transport of prefabricated masonry walls. There are three different versions available (Type 1-3). These are either the anchor with crimped-on loop at the end of the rebar (Type 1), with threaded insert (Type 2) or with spherical head (Type 3).

On use of **PHILIPP Masonry Transport Anchor** attention must be paid on the general instructions for installation and use and instructions for installation and use of **PHILIPP Lifting Devices** (Wirbelstar, Lifting Loop with Threaded End, Lifty or Spherical Head Lifting Clutch). In case of difficult transport conditions please contact our technical department for further advice.
